Abstract Submission Extended for the 2026 Emerging Technologies Information Sessions (ETIS)

Emerging Technologies Information Sessions
October 26-28, 2026
Skamania Lodge - Stevenson, Washington

Act fast! The abstract submission deadline has been extended to **JUNE 12th**.

The Pacific Northwest Aquatic Monitoring Partnership and StreamNet invites the submittal of abstracts on research and activities related to emerging technologies for ecological monitoring

and data management for the 2026 Emerging Technologies Information Sessions (ETIS) conference.

[ETIS 2026 Presentation Abstract Submission Form](#)

Come share and network with other monitoring professionals implementing technologies in new and innovative ways!

Themes and topics being considered include:

- **Artificial Intelligence / Machine Learning**
- **Data** (QA/QC, Reporting, Visualizations)
- **Genetics** (eDNA, PBT, Stable Isotopes, etc.)
- **Predictive Modeling**
- **Remote Sensing** (UASs, Satellites, ROVs, etc.)
- **Tagging and Trapping Technology** (Data Collection)

The 2026 Emerging Technologies Information Sessions (ETIS) conference will be held at Skamania Lodge in Stevenson, Washington from October 26th-28th, 2026. For more details about the upcoming ETIS event, visit the [ETIS webpage](#).
